

St Crispin's School Handbook

2020 - 2021

A Foreword from the Executive Director of Communities and Families

Session 2020 - 2021

Dear Parents/Carers,

This brochure contains a range of information about your child's school which will be of interest to you and your child. It offers an insight into the life and ethos of the school and also offers advice and assistance which you may find helpful in supporting and getting involved in your child's education.

We are committed to working closely with parents as equal partners in your child's education, in the life of your child's school and in city-wide developments in education.

Parental involvement in the decision-making process and in performance monitoring are an integral part of school life. We look forward to developing that partnership with your support.

Throughout this handbook the term 'parent' has the meaning attributed in the Standards in Scotland's Schools Act 2000 and the Scottish Schools (Parental Involvement) Act 2006. This includes grandparents, carer or anyone else who has parental responsibility for the child.

I am pleased to introduce this brochure for session 2020 - 2021 and hope that it will provide you with the information you need concerning your child's school. If you have any queries regarding the contents of the brochure, please contact the Head Teacher of your child's school in the first instance who will be happy to offer any clarification you may need.

Andy Gray

Head of Schools and Lifelong Learning and Chief Education Officer

Children and Families Vision

Our vision is for all children and young people in Edinburgh to enjoy their childhood and fulfil their potential.

We believe that children and young people do best when:

- they are able to live safely and happily within their own families with the right kind of support as needed
- they attend first class, inclusive schools and early years settings which meet their needs

We will do all we can to strengthen support for families, schools and communities to meet their children's needs.

Our mission is to place children, young people and families at the heart of our service and provide support when it is needed throughout childhood and the transition to adulthood.

In Edinburgh children and young people are at the heart of our vision for the future.

As an inclusive community we work with parents, carers and, where appropriate, partner agencies to support all children and young people.

By working together, we help children and young people to develop understanding about relationships, respect, teamwork, honesty, fairness, patience, and compassion. We do this by offering interesting and relevant learning experiences, by providing our staff with the training and resources they need, and by working with the whole community to accept and care for one another. This isn't always easy, but we believe it is essential so that our children and young people understand the people they meet and learn how to work together to handle setbacks and difficult situations throughout their lives.

When children and young people experience adverse events or as a response to their additional support need, they let us know by reacting in different ways. This presents difficulties for those around them. By working together, by understanding the cause and working out solutions, we can find a way to solve or deal with a problem. If it takes time to get over a problem we will work with a child, young person, and their family to work out the best way forward. This may involve making adaptations and providing additional support or in exceptional circumstances identifying a change of environment.

We recognise that we all experience difficult times, and that everyone deserves the best possible care and support. In Edinburgh we support children and young people to learn in different ways according to their needs. As children and young people learn to read, write, and count some require more support than others do. This need for support arises for a variety of reasons learning difficulties, challenges with emotional regulation and social communication issues. We must meet the needs of all our students in a fair, compassionate, and proportionate way.

In considering how to support all children and young people reach their full potential it may not always be possible to arrive at a resolution all parties agree. However, we will listen to any parent, young person, child or member of staff and work together to resolve difficulties.

We are committed to do all we can to make Edinburgh an inclusive place to live and learn.

Alistair Gaw

Executive Director for Communities and Families

Welcome from the Head Teacher

Dear Parents and Carers,

Welcome to the St Crispin's School Handbook for session 2020/21 - we are delighted to share information about our school with you.

This handbook offers an introduction to our school and a general overview of the education your child will receive at our school.

To make our handbook easy to use we have divided the information into five different sections: -

- | | |
|------------------------|---|
| ➤ Section One | Practical Information about the School |
| ➤ Section Two | Parental Involvement in the School |
| ➤ Section Three | School Curriculum |
| ➤ Section Four | Support for Pupils |
| ➤ Section Five | School Improvement |

If you have any questions, or would like any further information on any aspect of this handbook or the education of your child, please do not hesitate to contact the school.

Kind regards,

Rhoda MacDougall
Headteacher

Section One – Practical Information about the School

This section deals with the practical aspects of your child's attendance at our school. It provides details on such things as:

Communicating with the School

This section provides you with some background information on our school. It tells you how our school day and school year are made up and how to contact the school if, for example, your child is ill.

| Term ends | | Friday | 25 June | 2021 |

* Five In-Service days for all schools.

Registration and enrolment

The date for registration of new school entrants is advertised in all local nurseries, in the local press and on the council's website www.edinburgh.gov.uk.

Registration for Primary One and First Year Secondary takes place in November each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school, when they register their child.

Parents who want to send their child to a school other than the catchment school must make a placing request. Please refer to section four of this handbook for more information on placing requests.

Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

Attendance and absence

It is the responsibility of parents of a child of school age to make sure that their child is educated.

Absence from school is recorded as

- authorised, that is approved by the Communities and Families department, or as
- unauthorised, that is unexplained by the parent (truancy).

Please let the school know by letter if it is a planned absence (e.g. hospital appointment) or phone by 9.30 a.m. on the day of your child's unplanned absence (e.g. sickness bug).

You should update the school on each day of your child's absence. Please call the school office to report an absence and to give a reason for the absence. If there is no explanation from a child's parents, the absence will be regarded as unauthorised.

Please make every effort to avoid family holidays during term time as this will disrupt your child's education and reduces learning time.

Headteachers can approve absences **up to** two school weeks (10 days) from school in certain situations. Any requests for extended absence over two school weeks (10 days) will be referred to the Senior Education Officer, who will decide if it will be recorded as authorised or unauthorised leave.

Please discuss your plans with your child's Headteacher before booking the holiday. If they cannot give permission before the holiday, it will be recorded as unauthorised absence. They can authorise a holiday if you can prove that work commitments make a family holiday impossible during school holiday times. Normally, your employer will need to provide evidence of your work commitments. Absence approved by the Headteacher on this basis is regarded as authorised absence.

Parents from minority ethnic religious communities may request that their children be permitted to be absent from school to celebrate recognised religious events. Absence approved on this basis is regarded as authorised absence. Extended leave can also be granted on request for families returning to their country of origin for cultural or care reasons.

A supportive approach is taken to unexplained absence. However, the Communities and Families department has legal powers to write to, interview or prosecute parents, or refer pupils to the Reporter to the Children's Panel, if necessary.

St Crispin's Out of School Care Association

We have an after-school club run by this parent-led association. The club runs from the end of the school day until 5.30pm each day except Friday when it finishes at 5pm. The Club offers lots of play and social activities in the school and also have regular outings.

Please contact the **Manager Steph Watt** for further information on **07837212334**

School Uniform

Parents are asked to co-operate with the school in encouraging the wearing of the school uniform.

The St Crispin's School uniform consists of a white or navy blue polo shirt (with or without the school logo) and a navy blue sweatshirt with the school logo.

Sweatshirts, polo shirts and jackets with the school logo can be ordered via the website or by placing an order through the school office.

Wearing school uniform contributes to a positive school ethos and helps avoid discrimination and reduces peer pressure to wear expensive designer clothing.

A school's reputation can also be enhanced in the local community by the wearing of school uniform and school security will be improved as it will be easier to identify intruders.

Please ensure that **all items of clothing are clearly labelled** as clothing can be easily lost.

Please help us by ensuring that pupils do not bring valuable or expensive items of clothing to school.

We provide waterproof clothing for outdoor activities and aprons are provided for art and food related activities. It is useful if you could send a pair of wellies for use in wet weather.

Uniform can be ordered at any time from our supplier <https://www.border-embroideries.co.uk/schools/st-crispins-school.html>

If you have any queries regarding the school's dress code, please contact the school office.

School Meals

Menus offer healthy and tasty meal options while reflecting the Scottish Government food and drink legal requirements for school lunches.

Special diets and allergies are accommodated in consultation with parent/guardian and catering services.

Free school lunches are provided at St Crispin's where eating skills and the midday meal are part of the educational programme. A choice of two cooked meals or a baked potato option is available from Monday to Thursday and a packed lunch is available on Fridays. The packed lunch on Friday is eaten in school. 1/3 litre of semi-skimmed milk is provided free to all pupils daily. As a 'Health Promoting School', all of our pupils are able to opt in to our healthy snack time at a cost of £2.50 per week. Special diets can be catered for including non-dairy and gluten free.

Free School Meals & Clothing Grants

A parent will qualify for Free School Meals and Clothing Grant if they meet any of the following conditions:

- Universal Credit (where your monthly earned income is not more than £610)
- Income Support
- Income-based Job Seeker's Allowance
- Income-based Employment and Support Allowance
- Support under Part VI of the Immigration and Asylum Act 1999
- Child Tax Credit, but not Working Tax Credit, and your income is less than £16,105
- Both Child Tax Credit and Working Tax Credit and an income of up to £6,900

Clothing Grants are paid direct into a nominated bank account. The payment will show in the bank statement as 'CEC-EXPEN1'.

Children at St Crispin's get a Free School Meal but an application should be made in order to qualify for a clothing grant.

Each award is valid for one school year. The award provides

- each child with one school meal and milk each day they attend school
- a clothing grant payment of £100 for each child.

We pay one clothing grant per year, per child, into your bank account. Most clothing grants are paid throughout July and August before the new school year begins.

Information on free school meals and clothing grants and how to apply is available on the website: <https://www.edinburgh.gov.uk/schoolgrants>

Travel to and from School

Transport for the journey between a child's usual home and school is normally provided free of charge to all pupils attending St Crispin's School. Any changes in transport arrangements need to be notified to the school and the transport provider

with as much warning as possible. There is a passenger assistant on each bus or taxi who will support your child during their journey.

If at any time there is no one to meet a child from school transport the driver and escort will take him/her to the nearest Social Work Centre where efforts to contact parents/carers will be continued.

Parents are requested, when dropping off/collecting children from school that they do not park in any location which causes an obstruction or impedes school transport.

School Security

The safety and security of pupils and staff when attending or working in a school is very important to us. We use a number of security measures including visitors' books, badges and escorts, while visitors are within the school building.

Normally, anyone calling at a school for any reason will be asked to report to the school office. The school staff then can make the necessary arrangements for the visit. We would respectfully ask that parents do not attempt to enter schools through another entrance, unless supervised by a member of staff.

If you wish to speak to a member of staff then please come to the school office where we will be happy to arrange this for you.

Wet Weather Arrangements

In wet weather, pupils will remain in the school building during break times.

Unexpected Closures

In the event of an emergency, such as a power cut or severe weather, that prevents schools from opening in the morning or results in an early closure a range of communications channels are used to let parents know.

Groupcall is used by the school to send emails and texts to all parents to provide any emergency information.

In addition, announcements will be made on local radio stations and via the Council's corporate Twitter account www.twitter.com/Edinburgh_CC and Facebook page www.facebook.com/edinburghcouncil.

If many schools are affected, or the situation is likely to be prolonged, then the Council's website <https://www.edinburgh.gov.uk/schoolclosures> will also be used.

Complaints, Comments and Suggestions Procedure

We all hope that you will be completely satisfied about your child's education and we encourage feedback on our services from parents and pupils. We are, therefore, interested in feedback of all kinds, whether it be compliments, suggestions or complaints.

If you want to register a comment of any type about our school you can do this by writing, e-mailing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences arising from making a complaint and we will deal with the issue as confidentially as possible.

There are some things which you should take note of in relation to making a complaint:

- Please make any complaints initially to the Headteacher. This makes sure that the school knows what is going on and has an opportunity to respond and resolve the issue.
- We will try to respond as quickly as possible, but often issues are complex and we need time to investigate.
- If you are dissatisfied with the service or/and with our response then you will have the right to take the matter further and contact Advice and Complaints Service (Schools and Lifelong Learning) email: cf.complaints@edinburgh.gov.uk or by telephone: 0131 469 3233.

If you remain dissatisfied after the further investigation and reply you can take the matter up with the Scottish Public Services Ombudsman, our reply will include the contact details.

Health and Safety

Within the general policy laid down by The City of Edinburgh Council, the Communities & Families Department has prepared and has continuing development of, safety policy statements for all areas of its responsibility and accordingly manages health and safety and welfare in a way that complies with health and safety statutory and regulatory requirements, and all relevant approved codes of practice and guidance.

School staff are fully instructed in their responsibilities in this respect, and safety regulations apply to all aspects of school life, both on and off the premises. It is expected that pupils will behave responsibly and comply with all safety requirements.

The support of parents/carers in promoting good practice in health and safety matters is of great importance to the school.

Information about how we manage pupil data in schools/ELC settings

St Crispin's School has a legal responsibility to deliver an effective educational programme to its pupils. In order to do this, we need to collect personal data about our pupils/children and their families so that we can help them learn and keep them safe. The type of personal data we will collect include:

Data about our pupils/children and their families

This will include the name, address and contact details of the pupil/child and relevant family members. It will also include information about relevant medical conditions, any additional supports which are needed, and their family situation. We need this information to ensure we know our pupils/children and their families, and to ensure we are able to educate them appropriately and keep them safe.

We will also collect personal data relating to personal characteristics, such as ethnic group to enable statistics to be reported. We need this information so the Council can ensure it is delivering education appropriately to all its citizens.

Data about pupils/children at school/within ELC setting

This will include data about progress, assessments, and exam results. It will also include records of attendance, absence, and any exclusions. We need this information to understand how our pupils/children are progressing, and to assess how we can help them to achieve their best.

Data about when and where they go after they leave us

This will include information about their next setting/school, career paths or intended destinations. We need this information to ensure we support our pupils/children in all their transitions and do all that we can to help their future be a success.

There will be times where we also receive information about them from other organisations, such as a pupils' previous school, the previous local authority where that school or ELC setting was based, NHS Lothian, Police Scotland, Social work, Additional Support Services, and sometimes other organisations or groups connected to a pupil's education. We use this data similarly to the above: to support our pupils' learning, monitor and report on their progress, provide appropriate pastoral care; and assess the quality of our services.

When we collect and use personal data within school/ELC setting, and for the reasons detailed above, we will normally be acting in accordance with our public task. Occasionally we are also required to process personal data because the law requires us to do so, or because it is necessary to protect someone's life.

We will also take photographs in school/ELC setting and display them on our walls, and in newsletters and other communications. We do this in order to celebrate and share what we have done, including individual achievements and successes. We consider this use of images to be part of our public task as it helps us build an effective community which supports learning. We will not, however, publish these photographs on social media or in newspapers without permission. Consent for this use will be sought when a pupil/child joins St Crispin's School and will be kept on record while they are with us. Consent can be withdrawn at any time, please just let us know.

Sometimes we need to share pupil information with other organisations. We are required, by law, to pass certain information about our pupils to the Scottish Government and the Council. This data is for statistical purposes and will normally be anonymised. It is normally required to enable the Council, and the Government, to understand how education is being delivered and to help them plan for future provision. Further information about what the Scottish Government does with statistical data it receives is provided below.

If a pupil/child moves schools/ELC settings, we have a legal obligation to pass on information to their new school/education authority about their education at St Crispin's School.

When we record and use personal data, we will only collect and use what we need. We will keep it securely, and it will only be accessed by those that need to. We will not keep personal data for longer than is necessary and follow the Council's Record Retention Schedule and archival procedures when records are identified to be of historical value and require to be retained in the Edinburgh City Archives.

For more information on how the Council uses personal data, and to know more about your information rights including who to contact if you have a concern, see the [City Of Edinburgh's Privacy Notice](#).

Sharing personal data to support Wellbeing

In addition to the above, St Crispin's School has a legal duty to promote, support and safeguard the wellbeing of children in our care.

Wellbeing concerns can cover a range of issues depending on the needs of the child. Staff are trained to identify when children and families can be supported and records are kept when it is thought that a child could benefit from help available in the school/ELC setting, community or another professional. You can expect that we will tell you if we are concerned about your child's wellbeing and talk to you about what supports might help in the circumstances. Supports are optional and you will not be required to take them up.

If it would be helpful to share information with someone else, we will discuss this with you and seek your consent before we share it so that you know what is happening and why. The only time we will not seek consent to share information with another organisation is if we believe that a child may be at risk of harm. In these situations, we have a duty to protect children, which means we do not need consent. On these

occasions, we will normally tell you that information is being shared, with whom, and why – unless we believe that doing so may put the child at risk of harm.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so.

Sharing educational data with the Scottish GovernmentThe following information has been provided by the Scottish Government – Education and Training Division to let you know why they collect statistical information from school and what they do with it:

Education authorities and the Scottish Government collected data about pupils on paper forms for many years. We now work together with schools to transfer data electronically through the ScotXed programme. Thus the Scottish Government has two functions: acting as a ‘hub’ for supporting data exchange within the education system in Scotland and the analysis of data for statistical purposes within the Scottish Government itself.

What pupil data is collected and transferred?

Data on each pupil is collected by schools, local authorities and the Scottish Government.

The data collected and transferred covers areas such as date of birth, Scottish Candidate Number (SCN), postcode, registration for free-school meals, whether a pupil is looked after by his/her local authority, additional support needs including disability and English as an Additional Language (EAL), and attendance, absence and exclusions from school.

The SCN acts as the unique pupil identifier. Pupil names and addresses are not passed to the Scottish Government. Your postcode is the only part of your address that is transferred for statistical purposes, and postcodes are grouped to identify ‘localities’ rather than specific addresses. Data is held securely and no information on individual pupils can or would be published by the Scottish Government.

Providing national identity and ethnic background data is entirely voluntary. You can choose the ‘not disclosed’ option if you do not want to provide this data. However, we hope that the explanations contained in this message and on the ScotXed website will help you understand the importance of providing the data.

Why do we need your data?

In order to make the best decisions about how to improve our education service, the Scottish Government, education authorities and other partners such as the Scottish Qualifications Authority and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils

- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (2018). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This message can give only a brief description of how we use data. Fuller details of the use of pupil data can be found on the ScotXed website (www.scotxed.net).

The Scottish Government works with a range of partners including Education Scotland and the SQA. On occasion, we will make individual data available to partners and also academic institutions to carry out research and statistical analysis. In addition, we will provide our partners with information they need in order to fulfil their official responsibilities. Any sharing of data will be done under the strict control of the Scottish Government, which will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing of data will be taken in consultation with colleagues within and out with the Scottish Government.

Concerns

If you have any concerns about the ScotXed data collections you can email the Senior Statistician, scotxed@scotland.gsi.gov.uk or write to The ScotXed Support Office, Area 1B, Victoria Quay, Leith, EH6 6QQ. Alternative versions of this page are available, on request from the ScotXed Support Office, in other languages, audio tape, braille and large print.

School Nursing Team

The School Nursing team is made up of the

- **School Nurse** (Specialist Qualified 3rd part Nursing and Midwifery Council (NMC) registrant – now masters level 11 post graduate degree)
- **Community Staff Nurses** (Registered Nurse on Part 1 of NMC – undergraduate degree)
- **Community Health Assistants** (not a nurse, may have SVQ qualifications in care related field)

Services provided:

Universal Services for All School Age Children:

Child Health Surveillance Programme

- P1 eye tests by Health Assistant - (only for those who did not receive this preschool in nursery)
- Growth Measurements by Health Assistant– currently at Primary 1 and Parent health Questionnaire (this may change in the future dependant on Scottish

Government obesity strategy and the Health Visitor assessment at 4-5 years preschool)

- Primary 7 health questionnaire - growth measurement may be added in the future linked to Scottish Government obesity prevention work
- Drop in Services - a drop in health zone for High School Pupils (either in school or community facility) who are seeking advice or support on sexual health and health related issues

Education of Staff and Pupils

- Staff training – CPD in-service days on health actions plans, anaphylaxis etc – will be usually be delivered by the staff nurse
- Healthcare Plans for pupils - education staff will be supported by staff nurses on the planning and education

Healthcare Needs of Children with Moderate to Complex Physical Nursing Needs:

- For children in Complex Needs Schools, nursing care needs will be delivered by the nursing team who are based in these designated schools

School Nurse Services for Children/Young People with Increased Needs:

10 key areas specialist school nurses will focus on:

- Emotional Health and Wellbeing
- Substance Misuse
- Child Protection
- Domestic Abuse
- Looked After Children
- Homelessness
- Youth Justice
- Young Carers
- Sexual Health
- Transitions

How to Refer

Children can be referred to the School Nurse by their school or their GP or other health care professional. Children and young people can also self-refer. They can do this by discussing this at drop ins or asking their teacher/ guidance teacher to refer them. Parents can refer by discussing with their GP or child's teacher/ guidance teacher.

Further information

Our NHS Lothian School Nursing Service web pages:

<https://services.nhsllothian.scot/SchoolNursing>

Who Does What

- **GP** – all regular family health care
- **CAMHS** – Child and Adolescent Mental Health – Specialist service
- **Hospital Paediatric** – medical/surgical and other specialist services
- **Community Paediatrician** – doctors in community child health

- **CCN Team** – Community Children’s Nurses - specialist paediatric trained nurses
- **AHPs** – Allied Health Professionals - speech and language therapy, physiotherapy, occupational therapy, dietetics, orthoptics – referral based service
- **CVT** – Community Vaccination Team - nurses who deliver vaccination services to all age groups
- **Learning Disability Services** – where there is LD diagnosis
- **Oral Health – Dental** – prevention and treatment service
- **LAC – Looked After Children** - nurses who work only with looked after children. When notified by Social Work that a child has become looked after, the LAC nurses will undertake a health assessment. They may refer to school nursing for ongoing reviews and wider support.

Head lice are spread through head to head contact at home, while playing or in school.

Regular wet combing of your child’s hair using a head lice detection comb is the best way to catch this possible problem at an early stage.

The only way to be sure that your child has head lice is to find a live louse. If you find live lice, get the correct lotion from your doctor, health visitor or pharmacist. Shampoos and other treatments are not effective.

One treatment is two applications of the treatment lotion, seven days apart. If this is not followed then re-infection is likely.

Advise family members and close friends that your child has head lice and that they should check their own hair. Only treat if live lice are found. Don’t be shy about advising others of this possible problem because you would likely tell family and friends about other infections which might affect them.

Regular wet combing of your child’s hair with the head lice detector comb is the best protection as it allows you to detect the condition and treat it speedily.

Medicine Administration

If it has been agreed with the school that a child is to receive medication within the school day, the appropriate form must be signed and returned. Medication should be sent into school with the school transport escort or handed in by parents/carers together with the original container and instructions.

Gaelic-Medium Education

Gaelic-medium education (GME), is available at nursery, primary and secondary levels. There are Gaelic parent and toddler groups and playgroups across the city. Edinburgh’s first dedicated Gaelic nursery and primary school, [Bun-sgoil Taobh na Pairce](#), opened in Aug. 2013 in the Leith area of the city. The school attracts a wide range of families from across the city and the wider Lothian area. Although pupils attending the school do not need to have prior knowledge of Gaelic, it is strongly recommended that they attend a Gaelic-medium setting for their pre-school years. In addition, parents with no Gaelic themselves are encouraged to engage with learning the language themselves.

Pupils should register for a nursery or school place in the usual way. Taobh na Pàirce runs regular open afternoons for prospective nursery parents, where all families will receive a very warm welcome.

Please contact the school for further information.

Pupils who have studied at [Bun Sgoil Taobh na Pairce](#) transfer to [James Gillespie's High School](#), at the end of P7, to continue with their GME. In response to the increasing demand for GME, the City of Edinburgh plans to further develop its secondary GME provision by opening a dedicated GME Secondary school from 2024. Details relating to specific location etc. will emerge after further consultation. Additionally, pupils from across the Lothians entering S5 or S6, who wish to study Gaelic at secondary level, can, depending on space and availability of courses, enrol at James Gillespie's High School to study at National 4, National 5, Higher and Advanced Higher courses.

Use of social media

St Crispin's School understands the benefits of using social media; however, if misused, our school community can be negatively affected, such as by damaging the school's reputation. We advise parents, and carers to conduct themselves on social media using the following three common approaches to online behaviour:

- Common courtesy
- Common decency
- Common sense

Parental Requests for class lists

Information about your child is held securely and appropriate safeguards are in place. Due to these safeguards we are unable to provide parents and carers with the list of names your child's classmates with.

Other School Policies

| |
|---|
| All of our school policies are available on request and can also be found on our website. |
|---|

Section Two – Parental Involvement in the School

Parental involvement is very important as we know it helps children do better in school.

This section contains information about how parents can be involved in supporting learning at home as part of a home – school partnership.

You can also find out more about the ethos of our school, what our values are and our aspirations for our pupils including how we celebrate pupil success, and links we have with partner organisations and the wider local, national and international community.

Lastly, it includes information on our Parent Teacher Association/Parent Association and Parent Council, how to contact them and how parents can get involved in the life and work of the school.

Equality

City of Edinburgh Council is committed to improving the quality of life for those who face inequality, harassment, discrimination and prejudice and to harness the talent and celebrate the difference of all who live in the city. This commitment is set out in the Equality, Diversity and Rights Framework which can be viewed on the council's website. As a school, we are committed to fulfilling our obligation of equity and excellence for all learners, with particular reference to protected characteristics under the Equality Act 2010 (race, gender, disability, sexual orientation, religion/belief, age, marriage or civil partnership, transgender status or pregnancy/maternity) and other factors such as poverty.

Ethos

St Crispin's School offers an inclusive and supportive educational environment in which every pupil can thrive. We aspire to meet the individual needs of our pupils so that they can reach their full potential as successful learners, confident individuals, responsible citizens and effective contributors, prepared for learning, life and work.

Values

We are committed to supporting the development of the whole pupil and as a result, wish to encourage their development in spiritual, moral, social and cultural terms.

- Provide a welcoming environment and culture in which children can be safe, active and healthy and where everyone in the school is respected and valued
- Provide a broad, balanced curriculum with opportunities and experiences to meet each individual child's needs, strengths, aspirations and interests
- Deliver the curriculum in a clear, structured manner, which allows pupils effective access and promotes engagement, independence, and a positive attitude to learning
- Ensure that all pupils are able to realise their full potential through the effective use of individualised educational programmes
- Build and maintain effective partnerships with parents, carers and those others involved with the child

- Improve the quality of learning and teaching through regular and robust self-evaluation
- Ensure that the school's management team provide high quality leadership, management and support
- Improve the quality of educational experiences for pupils through a programme of continuing professional development for all staff

Promoting Positive Behaviour

We want to engage directly with parents to foster and develop our positive ethos. To work together to maintain and support shared learning community values and excellent home/school communication. We want to work together to address, prevent and resolve any difficulties should they arise and to build on our strengths together.'

We have a small number of easily remembered rules / values which everyone in our learning community knows. These are summarised in three words / short phrases:

1. Ready
2. Respectful
3. Safe

These form the basis of all our conversations in relation to behavioural expectations. It is helpful if parents can also discuss these rules / values with their children if there has been an incident in school. The purpose of these conversations is to find solutions and develop skills that will prevent problems in the future. Our values / rules and ethos are summarised in our Positive Behaviour Policy

St Crispin's School- Positive Behaviour Policy

Context

This positive behaviour policy is written in the context of St. Crispin's and the principles that are addressed in our values and aims. Challenging behaviour is a form of expression, often an intense or frequent response to an emotional, physical, social or educational barrier which can put safety or future development at risk. We aim to provide strategies and approaches that will enable our pupils to succeed and communicate their needs in a more appropriate manner.

Promoting Positive Behaviour

- Pupils should always be approached in a positive manner
- We set clear boundaries and give clear messages about what is expected
- Consistency between staff members is essential
- All pupils and staff are treated with respect
- We support pupils to learn self-control and self-expression in ways that are appropriate and helpful to them and to those around them

Strategies (What we do)

- Good communication is vital at all stages in promoting Positive Behaviour.
- We should not assume that the child or young person understands our language. Even a child who may normally have reasonable comprehension will not cope so well when distressed/aroused.
- Pupils are valued as individuals and each pupil has an individualised behaviour plan.
- A total communication environment and visual supports are provided at all times to support understanding.
- Pupils respond well to a structured environment. This means that classrooms should be well organised, clean and clutter free.
- Unlike a typical classroom, the area should present a low visual stimulus and different work areas should be clearly defined.
- Weekly behaviour sheets should be filled out in class teams and challenging behaviour may then be discussed with management, at the behaviour support group or with outside agencies.
- Each class or area has a panic button and this can be used in the event of an emergency in order to raise awareness or summon assistance.
- Incident Report Forms will be completed if there are incidents resulting in injury.
- Staff at St. Crispin's are trained in CALM (Crisis and Aggression Limitation Management) physical intervention and any use will be a positive intervention, following CALM procedural guidelines.
- GIRFEC (Getting it Right For Every Child) – we need to ensure that we get it right for every child in our care. A planning meeting can be called to bring agencies together to support a child or young person at times of increased need.

Rationale (Why we do it)

- We recognise challenging behaviour as a form of communication and seek to understand what a pupil is trying to convey.
- We try to think ahead, recognise triggers and plan to avoid them if possible.
- It is helpful in thinking through strategies and plans to start with the desired behaviour. What do we want the child to do? How can we convey this? How do we ensure that we are reinforcing the desired behaviour?
- Many pupils benefit from having individual timetables, these help give the child or young person a feeling of ownership and control, ensure clear understanding of their day and what is expected of them and provides staff with a recognised way of introducing

change.

- When working with pupils always give time to process a request/instruction and use appropriate communication (object/photo/symbol/simple verbal language).

Preventing and Responding to Bullying and Prejudice Behaviour Among Children and Young People

City of Edinburgh Council have recently updated their anti-bullying guidance.

The guidance for schools supports our commitment to equalities and the wellbeing and protection of children and young people from bullying and prejudice by other children and young people and aims to prevent bullying and prejudicial behaviours and attitudes. It aims to develop positive relationships with all members of school communities and partnerships as part of our approach to getting it right for every child, creating communities that allow children to be Safe, Healthy, Active, Nurtured, Achieving, Respected, Responsible and Included.

To support and further improve the positive relationship within schools, equalities groups, which have a wide representation of all stakeholders and reflect the diversity of the school community, will work to take forward the key messages that are included in the guidelines and to ensure that all children have access to support, have their views listened and responded to and are involved in the decisions that will make continue to make their school a place to feel safe, happy and nurturing.

We are committed to equalities and the wellbeing and protection children and young people from bullying and prejudice by other children and young people. All schools have a procedure which is informed by the overarching 'Preventing and Responding to Bullying amongst Children and Young People' procedure. We recognise that policy and procedures alone will not address the prevention of bullying; through our core practices (Relationships, Rights Respecting, Resilience, Restorative) we aim to build positive relationships and a culture and ethos which ensure respect, equality and inclusion. We promote anti-bullying and anti-discriminatory attitudes and behaviours through preventative, pro-active and responsive approaches.

Bullying and discriminatory behaviours are not tolerated. The school will put in place appropriate support for all children and young people involved in a bullying incident. Children who display bullying behaviour will be supported to identify the feelings and views that have caused them to act in this way and challenged, through education and learning, to develop alternative ways of behaving. Partnership with parents is instrumental to our approach to preventing and responding to bullying and in cases of bullying it is important that all parents involved work with the school to resolve the problems in the best interests of their child.

Parental Involvement

We welcome parental involvement and engagement, as research has shown that when parents are involved children do better in school.

All parents are welcomed and encouraged to:

- be involved with their child's education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their children's schools.

At St Crispin's we are building strong partnerships with parents and carers to support the health, wellbeing and education of our pupils. Central to this is the communication we have with all our parents and carers, and their engagement in the life of the school.

- We have chat folders and home-school diaries to keep in touch on a daily basis. Many of the children and young people are pleased to have their folder to take home to share photos of achievements and news of the day with their families. It also includes certificates, learning outcomes and planned work for the class.
- We welcome conversations by letter, 'phone or email from parents and carers and we have a Pupil Support Officer who can liaise between home and school.
- We send home lists of school events, invitations to participate and newsletters covering a wide range of individual, class and whole school activities. We encourage all of our parents/carers to register with Groupcall and this enables us to share information via email.
- We offer opportunities for you to discuss your child's progress with teachers through arranged meetings. You will be advised when these meetings take place. Over and above these set meetings, parents are welcome to contact the school at any time to ask for information or for a meeting.
- We have review meetings for individual pupils on Thursday mornings throughout the year. This can include a review of the Individualised Educational Programme, The Co-ordinated Support Plan or Transition arrangements for children coming up to school leaving. In all cases we review progress and consider future plans together.
- The school hosts a range of other meetings as part of the 'Getting it Right for Every Child' approach which encourages all appropriate agencies to work together with children and their families so that appropriate support for the child can be put in place as required.
- We have held a number of Confident Parenting groups which have been beneficial for all involved. They have strengthened links between home and school and have given parents additional support and the chance to get to know other parents and share thoughts and ideas.

Parental Consultation/Reporting to Parents Throughout the Year

Each pupil has a Child's Planning Meeting (CPM) or Young Person's Planning Meeting (YPPM) annually which involves the child's family and all of the professionals involved in the child's life. There are 2 parents' evenings throughout the school year and these take place in September and June.

Parent Forum and Parent Councils

All parents/carers are automatically members of the Parent Forum at their child's school. As a member of the Parent Forum all parents can expect to –

- receive information about the school and its activities;

- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council, to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff; and
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum decides how their representatives on the Parent Council are chosen and how the Parent Council operates. It is important to us that our Parent Council represents the rich diversity of our school community. We warmly invite all parents to volunteer or put themselves forward as representatives on the Parent Council.

Parent Councils are the formal representative body for parents/carers with children attending school. Parent Councils are different in each school to enable them to meet the needs of parents/carers locally.

The main aims of the Parent Council are:

- To support the school in its work with pupils
- To represent the views of parents
- To promote contact between the school, parents, pupils, providers of nursery education and the community
- To report to the Parent Forum
- To be involved in the appointment of senior promoted staff.
- To raise funds for the school for the benefit of pupils (in some schools the PSA/PTA/PA fulfils this role).

The Chair of the Parent Council is Iain MacKenzie and he can be contacted via the following email address: [iain.mackenzie@gmail](mailto:iain.mackenzie@gmail.com)

For more information on parental involvement or to find out about parents as partners in their children's learning, please contact the school or visit the Parentzone website at www.parentzonescotland.gov.uk.

Connect is the national organisation for Parent Staff Associations and Parents' Associations in Scotland, Parent Councils can join too, and it runs an independent helpline service for all parents.

The National Parent Forum of Scotland has been set up to give Parent Councils and parents an opportunity to discuss and raise educational issues of mutual interest or concerns at a national level.

Pupil Voice Groups

Our pupils are encouraged to express their opinions on issues of importance in a variety of ways. This includes at assemblies, circle time and during health and wellbeing activities.

Section Three – School Curriculum

This section describes how the curriculum is planned and delivered in our school including the range of subjects and subject areas your child will be learning. It also includes information on how pupils develop skills for learning, life and work, including literacy, numeracy and health and wellbeing in and out of the classroom.

As well as giving you information about the statutory curriculum requirements we have included details on sports and outdoor activities available to pupils and the range of facilities available within the school.

Details of how parents will be informed about sensitive aspects of learning e.g. relationships, sexual health, parenthood and drugs awareness are included as well as information about religious instruction and observance and arrangements for parents who wish to exercise their right to withdraw their child.

Curriculum for Excellence: Bringing learning to life and life to learning

Curriculum for Excellence is the curriculum across Scotland for all 3-18 year olds – wherever they learn. It aims to raise standards; preparing our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world.

Teachers and practitioners will share information to plan a child's 'learning journey' from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring each transition is smooth. They'll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

Curriculum for Excellence balances the importance of knowledge and skills. Every child is entitled to a broad and deep general education, whatever their level and ability. Every single teacher and practitioner will be responsible for the development of literacy and numeracy from Early Level through to Senior Phase.

It develops skills for learning, life and work, bringing real life into the classroom, making learning relevant and helping young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another helping make connections in their learning. It develops skills which can enable children to think for themselves, make sound judgements, challenge, enquire and find solutions.

There is an entitlement to personal support to help young people fulfil their potential and make the most of their opportunities with additional support wherever that's needed. There is an emphasis by all staff on looking after our children's health and wellbeing using the Wellbeing Indicators.

Ultimately, Curriculum for Excellence aims to improve our children's life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland's reputation for great education.

The Curriculum for Excellence includes the following areas of learning:-

- Communication and Literacy – includes reading, writing, listening, talking and all other forms of communication.

- Numeracy and Mathematics – includes work on number, money, time, shape and measure.
- Health and Wellbeing – includes the promotion of the physical, social, mental and emotional health and wellbeing of all of our pupils, in a safe and secure environment.
- Religious and moral education – includes learning to respect each other, and understanding and respecting different cultures and world religions.
- Sciences – includes understanding key aspects of the world around us and how it works.
- Social studies – includes learning about the people in our world past and present.
- Technologies – includes independent living and computer skills.
- Expressive arts – includes art, drama, dance and music.

Your child's school will share information regarding how the curriculum is delivered in the school.

Underpinning the curriculum is the belief that every child can learn and that it is up to the people who support them through the learning process to ensure that each and every one learns at the pace which is appropriate for them and to meet their needs in the best possible way.

Children learn in different ways, through listening, watching and doing. Teachers prepare their lessons so that children will have the opportunity to experience all ways of learning in the different areas of the curriculum.

Home learning suggestions and resources can be found on the school website.

Please contact the Headteacher if you would like any further information about the curriculum within our school.

Blended Learning

Blended Learning can be defined as a mix of traditional and digital technologies that are blended together in a way that helps learners to learn more productively. We are in an unprecedented time of change with our schools planning how their blended learning model will work. We continue to work hard to provide high quality learning, teaching and assessment for all learners. This is a journey that will take full account of the needs of our communities. As we move into our new school year, you may be wondering what your child's learning may look like.

Blended Learning is a mix of face-to-face learning in school, outdoor and digital learning. This includes learning at home. These are blended together in a way that will ensure progress and enjoyment in learning for your child.

Blended learning in each school will include a balance of face to face learning, outdoor learning and digital learning. This will look different in each school. Schools will need time to develop their blended learning model that suits their context. Schools are required to do this within their own Working Time Agreements which are reviewed by the relevant Trade Unions. As children and young people return to school, staff will

proportion their time between face to face in school teaching, outdoor and learning at home.

Active Learning

Curriculum for Excellence emphasises the value of an active learning approach. In the early years, children will have a range of learning experiences that include planned and purposeful play and stimulating learning which engages and challenges children's thinking using real life and imaginary situations. As children progress through school they continue to be involved in active learning experiences which are engaging and give them ownership of their own learning.

Learning Through Play

Research shows play-based learning has a positive and lasting impact on children's learning, teaches them skills relevant to the 21st century. Integrating learning and outdoor experiences, whether through play in the immediate grounds or adventures further afield, provides relevance and depth to the curriculum. Early Years Practitioners and teaching staff use a play-based approach that involves both child-initiated and teacher-supported learning that encourages children's inquiry through interactions that aim to stretch their thinking to higher levels.

Planning Children's and Young People's Learning

Teachers in nursery, primary and secondary schools share their learning intentions with pupils, parents and carers. This takes place on a day-to-day basis, by agreeing the aims of an individual piece of work.

Longer-term planning also takes place in a variety of forms.

All of the learners at St Crispin's School have an Individualised Educational Plan (IEP) with associated attainment targets. As much as possible pupils are involved in their planning and are given choices in what they learn. Primary learning is based on identified themes throughout the year and for Secondary pupils their learning is based on ASDAN and SQA qualifications.

Assessment

As pupils progress through our school, teachers use a range of assessment strategies, including Assessment for Learning strategies as well as setting tests. Pupils are also involved in assessing their own progress and developing their next steps.

Regular assessments are made by teachers and these help teachers to assess children's progress and to plan next steps in learning.

The senior phase (S4-S6) builds on the broad general education by continuing to develop learners' knowledge, understanding and skills. National Qualifications are designed to be flexible. Discussions are held with young people and parents on the most appropriate learning pathways.

We recognise that all pupils do not develop and progress at the same rate and, therefore, we use both group and individual methods to ensure that all pupils are given appropriate instruction and the opportunity to succeed. Please contact the school as soon as possible if you have any concerns about your child's progress.

Assessment is an ongoing process throughout a child's time at the school and involves discussion with parents and the multi-disciplinary team. Children's progress is monitored and evaluated by class teachers in conjunction with the Head teacher/Deputy Head teacher. Parents will receive an end of year report which covers all areas of the curriculum. Pupil profiles are completed at the end of P7 and S3 and provide photographic evidence of a child's learning.

Homework

Home learning suggestions and ideas will be shared with you via the class teacher and additional resources can be found on the school website.

Pupils are regularly given homework to support their learning and to encourage them to become more organised and self-supporting in their learning. Homework tasks will be given where a teacher feels a particular child or group of children may benefit from it and will be in line with your school's homework strategy.

The homework will be organised according to the stage and ability of the child, it can arise from all curricular areas, and it may include written, oral or practical activities. The tasks set will be interesting, worthwhile and challenging for the child.

Parents are encouraged to help pupils with their homework as a means of keeping them up to date with the work of the class and the child's progress and to promote partnership between the school and parents. Homework provides an opportunity to consolidate what has been learned in class, and makes you aware of what your child is learning and provides you with a useful discussion starter. Homework is also an integral part of school work. Parental interest and co-operation in ensuring homework is undertaken is appreciated.

At St Crispin's, we believe continuing their learning at home is of benefit to our children so we encourage parents and carers to build on their child's school education wherever possible. The chat folders will guide parents and carers about learning that may be practiced at home.

The purpose of homework is to: -

- give children an opportunity to practice and consolidate basic skills that have been learned at school.
- help improve planning and organisational skills
- help develop good habits and self-discipline
- encourage ownership and responsibility for learning
- show parents and carers what the children have learnt
- help create a firm partnership between parents, carers and teachers.

The school values homework and the contribution parents can make to their children's learning.

Children are entitled to homework that is appropriate to their individual needs and parents can expect to be given information about tasks through home/school diaries.

Religious Instruction and Observance

Parents who wish to exercise their right to withdraw their child from religious instruction and / or observance should contact the head teacher, in writing, and alternative arrangements will be made for your child.

Active Schools

The fundamental aim of Active Schools is to give school-aged children the tools, motivation and the opportunities to be more active throughout their school years and into adulthood. We access activities and events throughout the year and our Active Schools Co-ordinator (Jill Coleman) works with our PE specialist to provide suitable experiences for our pupils.

Progression Pathways in the Senior Phase (S4-S6)

We are committed to supporting all children and young people into positive and sustained leaver destinations. By curriculum pathway we mean: “the totality of all that is planned for children and young people throughout their education” (Building the Curriculum 3, 2008) - where all learners are on the right route to the right job, through the right course via the right information.

Getting It Right for Every Child

Taking care of our children's well-being and making sure they are alright - even before they are born - helps us ensure the most positive outcomes for them later in life. It gives them the potential to grow up ready to succeed and play their part in society. Our school adopts the Getting it right for every child in Edinburgh approach to give the right help to children, young people and families, when they need it from a joined up multi agency team.

Getting it right for every child aims to improve outcomes for all children and young people. It promotes a shared approach that:

- builds solutions with and around children and families
- enables children to get the help they need when they need it
- supports a positive shift in culture, systems and practice
- involves working together to make things better

Getting it right for every child is the foundation for work with all children and young people, including adult services where parents are involved. It builds on universal health and education services, and is embedded in the developing early years and youth frameworks. Developments in the universal services of health and education, such as Better Health Better Care and Curriculum for Excellence, are identifying what needs to be done in those particular areas to improve outcomes for children.

Protecting Children and Young People

We place a high priority on the well-being and safety of our pupils. To this end we have in place a personal safety programme to give pupils knowledge and life skills to

keep them safe from all form of abuse. Where we have concerns that a child about the possible abuse of pupils we are required to follow the Edinburgh and the Lothian's Inter-Agency Child Protection Procedures which set out the specific duties and responsibilities towards the child and their parents/carers.

Additional Support Needs

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and it's accompanying Code of Practice: <https://education.gov.scot/parentzone/additional-support/the-additional-support-for-learning-act/>

It provides the following information:

- (a) the authority's policy in relation to provision for additional support needs,*
- (b) the arrangements made by the authority in making appropriate arrangement for keeping under consideration the additional support needs of each such child and young person and the particular additional support needs of the children and young persons so identified.*
- c) the other opportunities available under this Act for the identification of children and young persons who -*
 - a) have additional support needs,*
 - b) require, or would require, a co-ordinated support plan,*
 - c) the role of parents, children and young persons in the arrangements referred to in paragraph (b),*
 - d) the mediation services provided*
 - e) the officer or officers of the authority from whom parents of children having additional support needs, and young persons having such needs, can obtain advice and further information about provision for such needs.*

Further details of the policies and procedures can be found on Edinburgh Council website.

The Act requires each Education Authority to publish information about the Act. In on the Act, was produced by the City of Edinburgh Council:

<https://www.edinburgh.gov.uk/downloads/file/22136/in-on-the-act>

Literacy Difficulties/ Dyslexia

Dyslexia is evident when accurate and fluent word reading and/or spelling develops very incompletely or with great difficulty. This focuses on literacy learning at the 'word level' and implies that the problem is severe and persistent despite appropriate learning opportunities.

*The Authority also recognises that there may be **associated difficulties***

- Reading comprehension
- Phonological awareness
- Processing: auditory and/or visual processing of language-based information
- Short-term and working memory
- Organisational skills and motor skills
- Maths
- Emotional and behavioural difficulties

Support and assessment begin in the classroom. Class teachers and Support for Learning teachers have resources and training to identify this learning difference and to put appropriate support strategies in place.

If you have concerns please speak to your child's class teacher in the first instance.

English as an Additional Language

The Communities and Families Department provides English as an Additional Language (EAL) support for schools. Specialist EAL Teachers work with schools to support developing bilingual learners' English language skills and access to all areas of the curriculum, to enable them to achieve their potential.

St Crispin's is a non-denominational special school providing education for primary and secondary age pupils and is located in south east Edinburgh. The school meets the additional support needs of pupils with severe and complex learning difficulties, many of whom are on the autistic spectrum. The school serves a wide area with pupils travelling from all areas of the city.

There are nine classrooms for five secondary and four primary classes. There is also a gym/dining hall, rooms for art and music, a swimming pool, soft play, a small library, a fitness room, two small interaction/play rooms and a sensory room. There is also a medical room and a Speech and Language therapy room. There is an outdoor adventure playground and two garden areas, with three other playgrounds.

Most of the school accommodation is on ground level but there is an upstairs area which is accessible by lift. Two senior classes are housed in a separate annex to the back of the school. This contains an adapted toilet/shower facility.

The school will be moving from the current site to a new, purpose-built school in Burdiehouse.

We work with other agencies and professionals – for example, Social Work Services, Educational Psychology Service, National Health Service and you the parent to make decisions with regards to the best possible education to meet the needs of your child within the resources available.

Parents, carers and children with additional support needs can also seek independent advice and support through:

- Enquire: www.enquire.org.uk Telephone 0845 123 2303
- Scottish Independent Advocacy Alliance, www.siaa.org.uk Telephone 0131 260 5380 Take
- Note: (National Advocacy Service for Additional Support Needs) (Barnados in association with the Scottish Child Law Centre) www.sclc.org.uk Telephone 0131 667 6633.

Pastoral Support

Pastoral support is available depending on individual needs.

Transitions – Moving to a New School or Leaving School

This section also gives information about transition.

There are also details about making a placing request to another school.

Transfer from Nursery to Primary

Before leaving nursery, a transfer of information record for each child will be prepared by nursery staff to ensure a smooth transition and continuity of education for the child transferring to primary.

Primary School Admissions

Starting school is a very important milestone both for children and their parents. The vast majority of our parents choose their local, catchment school and we plan our education provision to ensure we can provide places for new pupils at their catchment school.

In the run-up to November's registration week for the new Primary 1 intake each school will offer an opportunity for you to visit them. You can speak to staff to find out more about the school first-hand. You can see how the school runs; discuss the curriculum and their priorities as well as seeing recent examples of pupils' work on display. In many cases you may also have the chance to meet other parents who already have children there. All of this will help you understand the school's unique character and give you an insight into the learning environment that your child could enjoy there.

All our schools offer a high-quality educational experience and hope to work with parents and carers to support their children.

Primary to Secondary Transfer

St Crispin's is an all-through school and pupils would normally transition from a primary class straight into a secondary class. Pupils are supported to make this transition and occasionally pupils will move to a different school for their secondary education.

Placing Requests

As a parent, if you don't want your child(ren) to be educated in your local catchment school, you have the right to make a Placing Request for your child(ren) to attend another school.

If you would like your child to start P1 or S1 at a school outside your catchment area, you must make a Placing Request. You can get a Placing Request application form at any nursery or primary school in Edinburgh from mid-November and must return it by **24 December** to:

e-mail: school.placements@edinburgh.gov.uk

post: School Transactions
P1/S1 Placements,
PO Box 12331,
EDINBURGH
EH7 9DN

If we receive your application form after 24 December, your request will be considered but if we receive your application form after **15 March** places in your chosen school may no longer be available.

The Council must grant Placing Requests where possible. If there are more places available in a school than there are placing requests, all placing requests are usually granted.

If the school you choose has more placing requests than available places, each case is looked at individually. Please include all relevant details on your Placing Request application form so this can be taken into account.

As school rolls have increased there has been a decrease in the number of places available for children living outside the catchment area. This has resulted in high numbers of placing requests being refused.

If a Placing Request is successful for one child, this does not guarantee a successful Placing Request for another child. This could mean parent(s) / guardian(s) have children attending different schools.

Transport for Placing Requests

If a Placing Request is successful, parents will be responsible for the safety and transportation costs of their child to and from their chosen school.

Further information

Further information on school placing requests can be found on our website at: http://www.edinburgh.gov.uk/info/20256/school_places/1375/school_placing_requests

Section Five – School Improvement

The section gives you an overview of the main achievements of the school within the last 12 months and performance information relating to literacy, numeracy and health and wellbeing.

Raising Attainment

Monitoring performance and using the resulting information to secure improvement is an important part of the work of head teachers, school staff and officers within Children and Families.

Standards and Quality Report

Every year each school publishes a Standards and Quality report which highlights the school's major achievements.

Websites

You may find the following websites useful.

- www.edinburgh.gov.uk - contains information for parents and information on Edinburgh schools.
- <https://education.gov.scot/parentzone> - parents can find out about everything from school term dates to exam results. This site also offers information for pre-5 and post school. It also lists relevant publications for parents and provides hyper-links to other useful organisations.
- <https://education.gov.scot/inspection-reports> - parents can access school and local authority inspection reports and find out more about the work of Education Scotland.
- <http://www.ltscotland.org.uk/scottishschoolsonline-index-asp/> - parents can find out about individual schools. They can choose a school and select what type of information they need such as Education Scotland reports, exam results, stay on rates and free school meal entitlement.
- <https://www.childline.org.uk/info-advice/bullying-abuse-safety/> - contains information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying.
- <https://respectme.org.uk/> - Scotland's anti-bullying service. Contains information for parents and children on varying forms of bullying and provides help for parents and children who are affected by bullying
- <https://education.gov.scot/> - provides information and advice for parents as well as support and resources for education in Scotland
- <https://www.equalityhumanrights.com/en> - contains information for everyone on equality laws within the government and local authorities.

The information in this school handbook is considered to be correct at the time of publication (**August 2020**), however, it is possible that there may be some inaccuracy as the school year progresses

Parent Feedback

Please take a few minutes to fill in and return the questionnaire on this page. Your feedback will help us improve the hand book next year.

Tell us what you think

Your feedback will help us to improve our handbook.

Name of school: _____

| Did you find | Please tick | |
|----------------------------------|-------------|----|
| 1. the handbook useful? | Yes | No |
| 2. the information you expected? | Yes | No |
| 3. the handbook easy to use? | Yes | No |

Please tell us how we can improve the handbook next year.

Thank you for filling in the questionnaire. Your views are appreciated. Please return this questionnaire to the school office.

Throughout this handbook the term 'parent' has the meaning attributed in the Standards in Scotland's Schools Act 2000 and the Scottish Schools (Parental Involvement) Act 2006. This includes grandparents, carer or anyone else who has parental responsibility for the child.

I hope you find all of the above information helpful and self-explanatory. If you have any queries about any of the information contained in this handbook, or indeed about any aspect of our school, please do not hesitate to contact me.

Rhoda MacDougall
Head Teacher
St Crispin's School
